Years of Experience- 10 years

Objective- Senior AI Product Manager with 10 years leading AI transformation programmes in regulated, enterprise-scale organisations — the exact mandate of this role. At MetLife, directed AI transformation across US commercial teams: deploying CoPilot, IVA, and agentic automation while managing change, driving adoption, and measuring operational impact — achieving a **43% operational efficiency gain** and **30% market penetration growth**. At Kimberly-Clark, led AI transformation across 20+ global markets, embedding AI tools into daily workflows and building governance frameworks for UAE Data Residency and GDPR compliance. Expert in making AI transformation measurable: tracking adoption curves, resolving change resistance, and connecting AI rollout to commercial outcomes. Ready to bring that track record to Crypto.com's Dubai operations.

Skills-

AI Transformation Product Strategy (Enterprise Rollout, Change Management, Adoption at Scale)
AI Platform Deployment (CoPilot, IVA, Agentic Workflows, NLP, Generative AI)
Regulated Enterprise Operations (Financial Services, Compliance, GDPR, UAE Data Residency)
Cross-Functional Alignment (Engineering, Operations, Legal, Marketing, Executive Stakeholders)
Data-Led Decision Making, Adoption Analytics, OKR Governance, Product Experimentation
Global Portfolio Management (\$18M), Agile Delivery, Risk Mitigation, Quality Benchmarking

Languages- English (native), Hindi (native), Spanish (intermediate), German (basic)

Education-
