Years of Experience- 10 years

Objective- Senior AI Product Manager with 10 years building AI platforms, driving large-scale adoption, and governing responsible AI in regulated enterprise environments. At MetLife, owned the CCaaS/IVA AI platform roadmap — deploying multilingual AI tools across US markets with UAE Data Residency and GDPR compliance, achieving a **43% operational efficiency gain** and **30% adoption growth**. At Kimberly-Clark, directed an **\$18M global AI product portfolio** across 20+ markets, embedding responsible AI governance and data residency controls at scale. Deep expertise in translating AI capabilities into mission-driven product value, managing cross-functional delivery across engineering, data science, and policy stakeholders — directly aligned to GovTech's Platform.AI programme and Singapore's Smart Nation agenda.

Skills-

AI Platform Product Ownership (Shared Services, Adoption Infrastructure, Government-Scale Deployment)
Responsible AI & Data Governance (GDPR, PDPL, UAE Data Residency, Regulatory Compliance)
Enterprise AI Adoption Strategy, Change Management, Multi-Agency Stakeholder Alignment
Multilingual NLP, Conversational AI, Speech Analytics, AI Lifecycle Management
Agile Delivery (Scrum, Backlog, UAT, Quality Benchmarking, Cross-Functional Execution)
Data-Led Decision Making, KPI Definition, Product Experimentation, OKR Governance

Languages- English (native), Hindi (native), Spanish (intermediate), German (basic)

Education-

Master's Program in Data Analytics, IBM Institute
B.Sc. in Economics and Statistics, Calcutta University

Certifications-

AI Product Management Specialisation, Duke University | Salesforce AI | Google Digital Transformation
Microsoft Azure | Agile Scrum, GSDC | ITIL 4 | Dubai Entrepreneurship Academy | 1 Million Prompts

WORK EXPERIENCE

MetLife | Bangalore, India | Product Management | Aug 2025 to Present

- Owned AI platform roadmap (CCaaS/IVA and Salesforce CoPilot) for a regulated financial services enterprise — driving adoption across US commercial teams and achieving a **43% operational efficiency gain** and **30% market penetration growth**.
- Embedded responsible AI governance and data residency controls (UAE Data Residency, GDPR, PDPL) across the full AI product lifecycle, from discovery through UAT to production; ensured compliance without slowing delivery velocity.
- Partnered with Engineering and Data Science on Generative AI discovery and data-grounding to deliver a **24% increase in user engagement**; defined KPIs for platform utilisation, adoption depth, and mission impact.
- Engineered Next Best Action (NBA) agentic workflows enabling intent-based automation — reducing Average Handle Time and boosting team productivity by **30%**; managed AI lifecycle and UAT for high utilisation.
- Orchestrated platform reporting for an **\$18M global portfolio**, presenting roadmap and performance metrics to senior stakeholders and securing a **15% profitability lift**.

Kimberly-Clark Pvt Ltd | Bangalore, India | Product Management | Nov 2022 to Jan 2025

- Directed an **\$18M global AI product portfolio** across 20+ markets — deploying multi-channel AI tools (Voice, SMS, WhatsApp) with multilingual NLP and governing responsible AI adoption at scale.
- Defined Salesforce AI platform vision with NLP-powered integrations; ensured UAE Data Residency, GDPR, and PDPL compliance across all international deployments, expanding market share by **30%**.
- Drove cross-agency-style stakeholder alignment across Digitech, Martech, Engineering, and Legal; applied OPD/1PD/2PD data loops to increase adoption and secure a **15% profitability lift** and **24% engagement uplift**.

Sprinklr | Bangalore, India | Lead Product Consultant | May 2021 to Nov 2022

- Led enterprise AI platform delivery across CCaaS, Salesforce CRM, and MarTech for **25 high-ARR accounts**, onboarding **10 new enterprise customers** and aligning product OKRs across engineering, design, and marketing.
- Applied analytics-led experimentation to boost platform performance by **50%** and increase lead conversions by **45%**; drove internal adoption achieving a **15% CSAT improvement**.

ITC Infotech | Bangalore, India | Business Analyst | Dec 2019 to Apr 2021

- Built a Voice of Customer (VoC) NLP feedback system for an insurance tech platform, integrating customer signals to reduce churn by **20%** and improve CSAT by **40%**.
- Defined Agile product roadmap prioritising high-impact AI features, delivering accelerated release cycles aligned to regulatory compliance requirements.

Tangban International | New Delhi, India | International Marketing Analyst | Apr 2017 to Nov 2019

- Increased market penetration by **30%** and client retention by **20%** through market-specific adoption strategies and strategic funnels across international markets.
