Years of Experience- 10 years

Objective- Senior AI Product Manager with 10 years deploying agentic AI systems, intent-based automation, and production AI agents in regulated enterprise environments. At MetLife, engineered Next Best Action (NBA) agentic workflows and Salesforce CoPilot deployment — autonomous AI agents in production handling intent resolution, case routing, and decision automation — achieving a **43% operational efficiency gain**. Partnered with AI Labs and Data Science to manage the full agentic AI lifecycle: discovery, feasibility, data-grounding, UAT, and continuous monitoring. At Kimberly-Clark, deployed multi-agent AI tools across 20+ global markets with measurable adoption outcomes. Ready to bring production agentic AI product experience to ST Engineering's enterprise and national infrastructure programmes.

Skills-

Agentic AI Product Ownership (NBA Workflows, Intent Automation, Multi-Agent Orchestration, CoPilot)
AI Lifecycle Management (Discovery, Feasibility, Data-Grounding, UAT, Monitoring, Continuous Improvement)
CCaaS/IVA Platform Strategy, Speech Analytics, NLP, Multilingual AI Deployment
Agile Scrum Product Owner (Sprint Planning, Backlog, CI/CD-Adjacent Delivery, Jira)
Enterprise Stakeholder Alignment, Cross-Functional Delivery (Engineering, AI Labs, Data Science)
KPI Definition, Risk Management, Quality Benchmarking, Regulatory Compliance (GDPR, PDPL)

Languages- English (native), Hindi (native), Spanish (intermediate), German (basic)

Education-

Master's Program in Data Analytics, IBM Institute
B.Sc. in Economics and Statistics, Calcutta University

Certifications-

AI Product Management Specialisation, Duke University | Salesforce AI | Google Digital Transformation
Microsoft Azure | Agile Scrum, GSDC | ITIL 4 | Dubai Entrepreneurship Academy | 1 Million Prompts

WORK EXPERIENCE

MetLife | Bangalore, India | Product Management | Aug 2025 to Present

- Engineered Next Best Action (NBA) agentic workflows — autonomous agents handling intent resolution, case triage, and decision automation across US commercial operations — reducing Average Handle Time and boosting productivity by **30%**.
- Deployed Salesforce CoPilot and multilingual IVAs as production agentic AI systems for intent-based automation and speech analytics; owned the full AI lifecycle from data-grounding and feasibility through UAT and performance monitoring, achieving a **43% operational efficiency gain**.
- Partnered with AI Labs and Data Science on Generative AI discovery, context engineering, and model grounding — refining feasibility and delivering a **24% increase in customer engagement**; defined success metrics and continuous improvement loops.
- Orchestrated agentic AI product roadmap for an **\$18M global portfolio**, aligning engineering, leadership, and customer stakeholders on deliverables; secured a **15% profitability lift** through optimised AI-driven data loops.
- Achieved **30% market penetration growth** through AI-led onboarding automation and adoption measurement across enterprise accounts.

Kimberly-Clark Pvt Ltd | Bangalore, India | Product Management | Nov 2022 to Jan 2025

- Deployed multi-agent AI tools (Voice, SMS, WhatsApp) across 20+ global markets — each channel an independent AI agent pipeline — scaling B2C acquisition and maximising ROI by **30%**.
- Directed an **\$18M global AI product portfolio**, applying predictive analytics and OPD/1PD/2PD data loops to drive adoption and a **15% profitability lift**; governed continuous model improvement across all markets.
- Defined NLP-powered Salesforce AI vision, expanding market share by **30%** and spiking customer engagement by **24%**; ensured UAE Data Residency, GDPR, and PDPL compliance across deployments.

Sprinklr | Bangalore, India | Lead Product Consultant | May 2021 to Nov 2022

- Led AI product strategy across CCaaS, Salesforce CRM, and MarTech/AdTech for **25 high-ARR enterprise accounts**, onboarding **10 new enterprise customers**; managed backlog, sprints, and Agile delivery end-to-end.
- Applied analytics-led experimentation to boost platform performance by **50%**, increase lead conversions by **45%**, and achieve a **15% CSAT improvement** through iterative product delivery.

ITC Infotech | Bangalore, India | Business Analyst | Dec 2019 to Apr 2021

- Built a Voice of Customer (VoC) NLP feedback loop for an insurance tech platform — an early agentic signal-capture system — reducing churn by **20%** and improving CSAT by **40%**.
- Defined Agile roadmap prioritising high-impact AI features; delivered accelerated release cycles aligned to compliance requirements.

Tangban International | New Delhi, India | International Marketing Analyst | Apr 2017 to Nov 2019

- Grew client database by **20%** and increased market penetration by **30%** through strategic funnels and international market adoption strategies.
