Years of Experience- 10 years

Objective- Senior AI Product Manager with 10 years defining generative AI product vision, intent-based automation, and CX platforms for enterprise and consumer markets. At MetLife, led Salesforce CoPilot and IVA strategy — deploying context-aware, intent-driven automation that delivered a **43% operational efficiency gain** and **24% engagement uplift**. At Kimberly-Clark, owned a **\$18M global AI portfolio**, driving user retention and satisfaction through data-led experimentation. Experienced in setting long-term AI product vision, tracking engagement and retention metrics, and driving cross-functional teams — directly aligned to building Ask Careem as a flagship generative AI assistant across Careem's multi-vertical super-app.

Skills-

Generative AI Product Vision, Roadmap Ownership, Multi-Vertical AI Platform Strategy
Intent-Based Automation, Conversational AI (IVA, CoPilot, NLP), Context-Aware AI
User Engagement, Retention, and Satisfaction Metrics, A/B Experimentation
Cross-Functional Leadership (Engineering, Design, Research, Data Science)
Data-Led Decision Making, Predictive Analytics, OPD/1PD/2PD Loops
UAE Data Residency, GDPR, PDPL Compliance, Enterprise Regulatory Governance

Languages- English (native), Hindi (native), Spanish (intermediate), German (basic)

Education-

Master's Program in Data Analytics, IBM Institute
B.Sc. in Economics and Statistics, Calcutta University

Certifications-

AI Product Management Specialisation, Duke University | Salesforce AI | Google Digital Transformation
Microsoft Azure | Agile Scrum, GSDC | ITIL 4 | Dubai Entrepreneurship Academy | 1 Million Prompts

WORK EXPERIENCE

MetLife | Bangalore, India | Product Management | Aug 2025 to Present

- Partnered with Data Science and Engineering on Generative AI discovery, data-grounding, and CoPilot vision — building context-aware AI that delivered a **24% increase in engagement** and **30% revenue uplift**.
- Deployed Salesforce CoPilot and multilingual IVAs for intent-based automation and speech analytics, achieving a **43% operational efficiency gain** across US commercial teams.
- Engineered Next Best Action (NBA) agentic workflows, reducing Average Handle Time by **30%** and boosting team productivity; set success metrics and tracked retention and satisfaction KPIs.
- Orchestrated AI product roadmap for an **\$18M global portfolio**, securing a **15% profitability lift** through data-led experimentation and optimized account retention loops.
- Achieved **30% market penetration growth** through AI-led onboarding automation and continuous iteration on user experience and engagement metrics.

Kimberly-Clark Pvt Ltd | Bangalore, India | Product Management | Nov 2022 to Jan 2025

- Defined global Salesforce AI product vision across Digitech and Martech, identifying high-growth commercial opportunities that expanded market share by **30%**.
- Led cross-functional teams to deploy multi-channel AI conversational tools (Voice, SMS, WhatsApp), maximizing Marketing ROI by **30%** and spiking engagement by **24%**.
- Directed an **\$18M global portfolio** using predictive market research and OPD/1PD/2PD data loops, securing a **15% profitability lift** through personalization and retention strategy.
- Governed AI product lifecycle across international regulatory environments, ensuring UAE Data Residency and GDPR/PDPL compliance at scale.

Sprinklr | Bangalore, India | Lead Product Consultant | May 2021 to Nov 2022

- Led product strategy and delivery for B2B enterprise SaaS across CCaaS, Salesforce CRM, and MarTech/AdTech for **25 high-ARR accounts**, onboarding **10 new enterprise customers**.
- Applied analytics-led experimentation to boost platform performance by **50%** and increase lead conversions by **45%**, driving measurable business impact aligned to commercial OKRs.
- Drove internal adoption and stakeholder alignment, achieving a **15% improvement in customer satisfaction** and **10% uplift in user activation metrics**.

ITC Infotech | Bangalore, India | Business Analyst | Dec 2019 to Apr 2021

- Built a Voice of Customer (VoC) feedback system, integrating customer signals into product iterations to reduce churn by **20%** and improve CSAT by **40%**.
- Defined Agile roadmap prioritizing high-impact features, delivering accelerated release cycles and measurable satisfaction improvements.

Tangban International | New Delhi, India | International Marketing Analyst | Apr 2017 to Nov 2019

- Grew client database by **20%** and increased market penetration by **30%** through strategic funnels and international events in China.
- Developed market-specific product adoption strategies, increasing client retention by **20%**.
