Years of Experience- 10 years

Objective- AI Product Manager with 10 years building enterprise AI platforms — exactly Plural AI's mission of making AI accessible and deployable across organisations. At MetLife, partnered with AI Labs on data-grounding, context engineering, and model feasibility for enterprise GenAI features — shipping agentic automation (NBA workflows, CoPilot, IVA) end-to-end with a **43% operational efficiency gain**. At Kimberly-Clark, directed an **\$18M global AI portfolio** embedding AI across 20+ markets with governance frameworks for UAE Data Residency and GDPR. Expert in translating complex AI capabilities into enterprise product value: discovery, prioritisation, feasibility, UAT, and measurable outcomes. Ready to bring that enterprise AI platform depth to Plural AI from Bangalore.
